Poliform

I cataloghi della serie tecnica sono un compendio dell'universo progettuale di Poliform. Mostrano nel dettaglio tutte le possibilità compositive e stilistiche offerte dai sistemi attraverso la descrizione delle componenti strutturali, dell'attrezzatura disponibile e dell'infinita varietà di finiture. Elementi che combinati tra loro realizzano proposte complete dove la libertà di progettare è totale.

The catalogues in the technical series are a compendium of the Poliform design universe. They give a detailed view of all the compositional and stylistic possibilities offered by the systems through the description of the structural components, available equipment and infinite variety of finishes. Elements that, when combined, create complete solutions with a free rein for design.

UBIK

Ubik è una cabina armadio basata sulla combinazione di boiserie e sistema a cremagliera. Evoluta e leggera, offre al contempo flessibilità e funzionalità, grazie a contenitori e accessori come vassoi, cassetti con frontale legno o vetro, scarpieri estraibili, portapantaloni e portacamicie da posizionare all'altezza e nell'ordine desiderato. Pressoché infinite le possibilità di configurazione e di personalizzazione delle finiture.

Ubik is a walk-in closet based on the combination of wall paneling and a bracket system. Advanced and light, it offers flexibility and functionality at the same time, thanks to containers and accessories such as trays, drawers with wooden or glass fronts, pull-out shoe racks, trouser racks, and shirt racks to be positioned at the height and in the order you desire. The possibilities of configuration and customization of the finishes are basically infinite.

MODULARITY

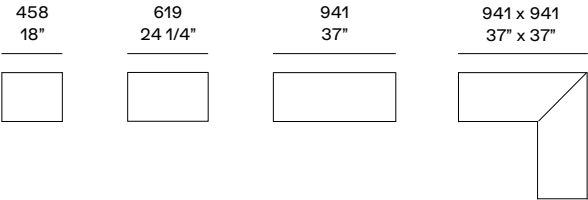

Altezze e larghezze schienali
Backs heights and widths

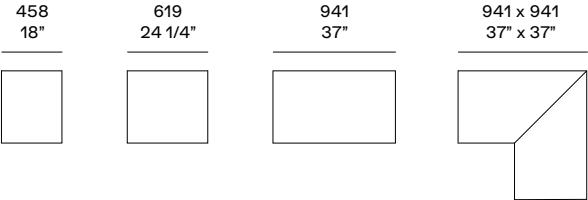

Calcolo dimensioni
Per ottenere la larghezza totale, aggiungere alla somma degli schienali mm 32 relativi al profilo laterale iniziale, mm 4 per ogni cremagliera e mm 32 relativi al profilo laterale terminale.

Calculating dimensions
To obtain the total width, add up the back panel widths 1 1/4" for the initial lateral profile, 1/4" for each bracket and 1 1/4" for the ending lateral profile.

Ripiani - profondità mm 400 - spessore mm 35
Shelves - depth 15 3/4" - thickness 1 1/2"

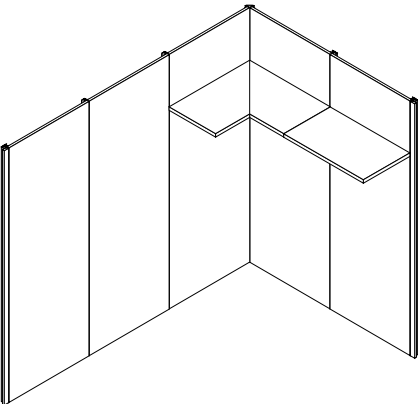

Ripiani - profondità mm 545 - spessore mm 35
Shelves - depth 21 1/2" - thickness 1 1/2"

ANGOLARI E ANGOLO FUORI SQUADRA
CORNERS UNIT AND OUT OF SQUARE CORNER

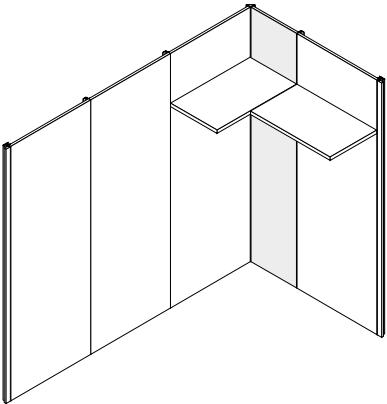

Angolare
Corner unit

Schienale angolare di serie attrezzato con ripiano angolare di serie. L'elemento angolare può essere attrezzato con ripiani (escluso ripiani vetro) e tubi appendiabiti.

Standard corner back equipped with standard corner shelf. Corner element can be equipped with shelves (except glass shelves) and hanging rails.

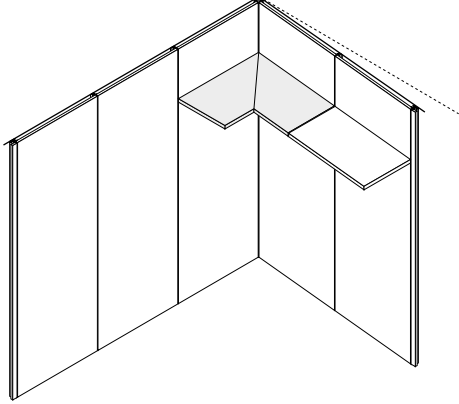

Angolare lineare
Linear corner unit

Per realizzare composizioni ad angolo con attrezzatura lineare, è necessario prevedere uno schienale angolare ridotto in larghezza su un lato a mm 545 o 400, corrispondenti alla profondità del ripiano lineare.

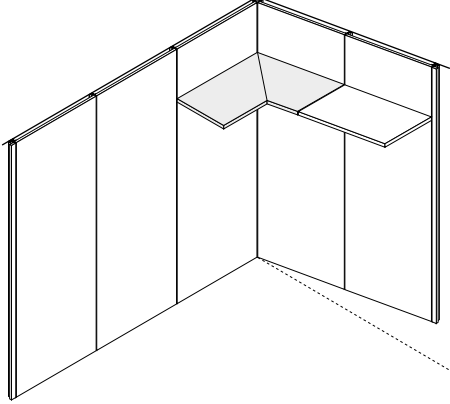

To create corner units using linear shelving, you will need to use a corner back panel cut in width on one side to 545 mm or 400 mm, corresponding to the depth of the linear shelf.

Angolo fuori squadra
Out of square corner

Angolo minimo 85°. L'elemento angolare può essere attrezzato con ripiani fuori squadra (solo nella versione nobilitato) e tubi appendiabiti. Per i basamenti fuori squadra non è possibile utilizzare la fascia zoccolo opzionale.

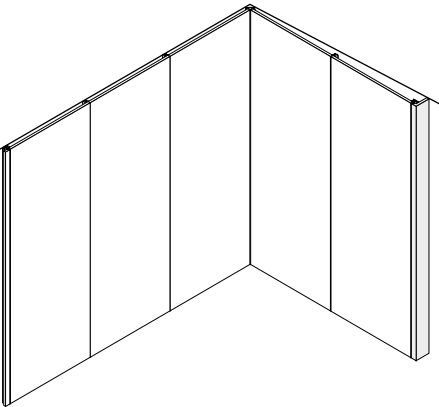

Minimum corner 85°. The corner unit can be equipped with out-of-square shelves (only in the version in melamine) and hanging rails. For out-of-square bases it is not possible to use the optional plinth.

Angolo massimo 100°. L'elemento angolare può essere attrezzato con ripiani fuori squadra (solo nella versione nobilitato) e tubi appendiabiti. Per i basamenti fuori squadra non è possibile utilizzare la fascia zoccolo opzionale.

Maximum corner 100°. The corner unit can be equipped with out-of-square shelves (only in the version in melamine) and hanging rails. For the out-of-square bases it is not possible to use the optional plinth.

Profilo speciale per parete fuori squadra
Special profile for out-of-square walls.

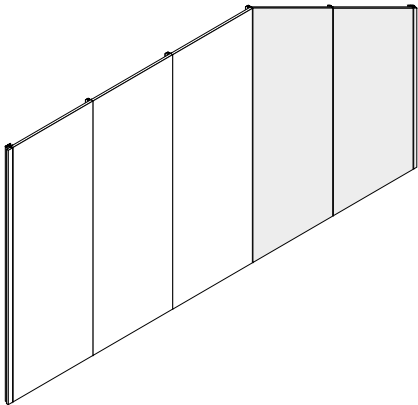

Profilo terminale da utilizzare per angoli muro superiori a 90°. Larghezza da 52 a 300, profondità 150 riducibile fino a 60.

Special profile to be used for wall corners larger than 90°. Width from 2" to 11 3/4" and depth 6" can be cut till 2 1/4".

SOLUZIONI SPECIALI
SPECIAL SOLUTIONS

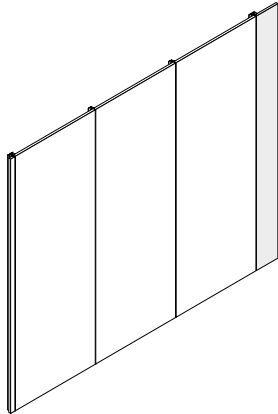

Tagli a misura
Custom cuts

Sono previsti tagli a misura in altezza su schienali e profili laterali. Gli schienali possono essere ridotti anche in larghezza. Mansardato non realizzabile con schienale in vetro e specchio.

Custom cuts in height for back panels and lateral profiles. The back panels can be customized also in width. Customization for mansard not available for back panel in glass and mirror.

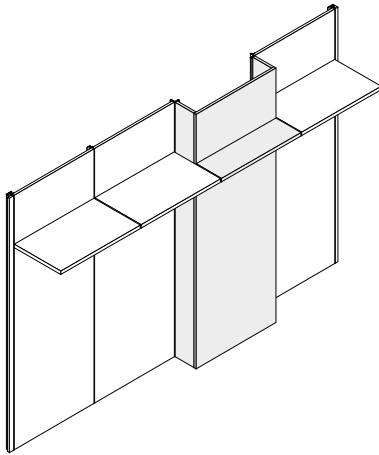

Fascia aggiustaggio terminale
Adjusting filler

Fascia di aggiustaggio terminale a muro in sostituzione al profilo laterale. Fascia larghezza 300 riducibile fino a 60.

Initial or end adjusting filler replacing the lateral profile. Adjusting filler width 11 3/4" can be cut till 2 1/4".

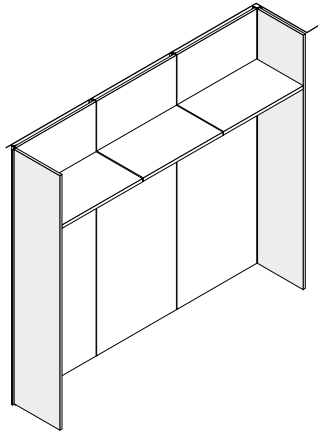

Cambio di profondità
Depth change

Gli schienali possono rivestire un eventuale pilastro. Non realizzabile con schienale in vetro e specchio. Non è possibile l'inserimento delle lampade nei ripiani ridotti in profondità.

The back panels can eventually cover a pillar. This is not possible with back panels in glass and mirror. It is not possible to insert lamps in the shelves with customized depth.

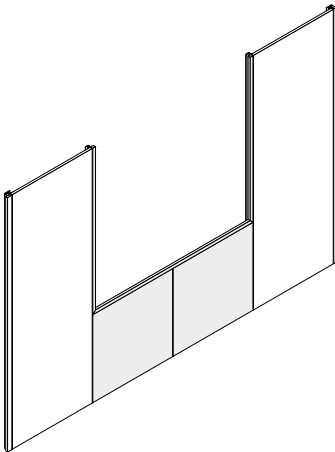

Pannelli uso chiusura laterale
Back panels for lateral closing

Si possono realizzare composizioni chiuse lateralmente. Non realizzabile con schienale in vetro e specchio.

It is possible to create compositions that are closed at the sides. This is not possible with back panels in glass and mirror.

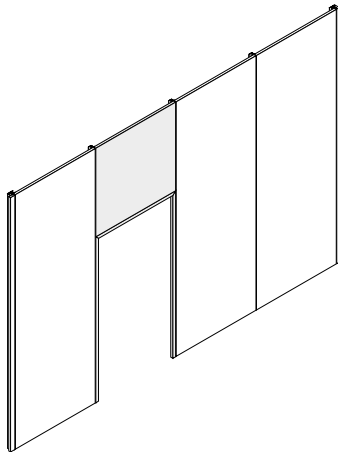

Pannelli centrali “sotto finestra”
Central back panels “below a window”

Si possono realizzare composizioni con schienali centrali ridotti in altezza, ed eventualmente in larghezza, con profilo superiore.

Compositions with central back panels cut in height and eventually in width, with upper profile, are available.

Pannello centrale sospeso
Hanging central back panel

Si possono realizzare composizioni con schienale centrale ridotto in altezza, ed eventualmente in larghezza, posizionato sospeso con profilo inferiore, per possibile passaggio.

Compositions with central back panel cut in height and eventually in width with lower closing profile positioned on top of a passage.

STRUTTURA STRUCTURE

La struttura di Ubik si compone di un sistema di pannelli a parete disponibili in molteplici finiture, da combinare con diverse tipologie di profili laterali, ripiani e attrezzature caratterizzati dall'estrema cura progettuale.

The Ubik structure features a system of wall panels available in a wide variety of finishes, which can be combined with different types of side profiles, shelves and equipment, all characterised by meticulous design.

Lampade utilizzabili esclusivamente su cabina armadio con schienali elettrificati.

Lo schienale elettrificato è necessario per l'inserimento delle lampade led nei ripiani e ripiani porta scarpe inclinati. Non è possibile inserire le lampade sui ripiani accostati a cassettiere sospese.

Led lamps with warm temperature 3000°K, 110V or 220V complete with power supply and connecting cables. Available in all the lengths of the shelves and for corner, for which two lamps are foreseen.

The power supplies are positioned behind the first back panel on the right. The lamps can be used only with walk-in closets with electrified back panels. The arrangement for electrified back panel is necessary to install led lamps in the shelves and in the inclined shoe shelves. It is not possible to insert the lamps in shelves next to hanging chests of drawers.

Kit radiocomando

Radiocomando completo di alimentatore dedicato, potenza 250W.

L'utilizzo del kit è consigliato quando non è possibile cablare l'accensione delle luci con una presa comandata.

Il radiocomando è dotato di un supporto per eventuale fissaggio a muro o sui pannelli schienale.
